SUMMARY

BBIT graduate with hands-on experience in backend and full-stack development. Skilled in building scalable web applications using Django, DRF, and Next.js. Strong in API development, database systems, and practical software problem solving.

TECHNICAL SKILLS

Languages & Frameworks: Python, JavaScript, Django, DRF, Next.js
Frontend: HTML, CSS, Tailwind CSS
Databases: PostgreSQL, MySQL
Tools: Docker, Git, Linux, Postman
Concepts: REST APIs, JWT Auth, System & Database Design, Networking

PROJECTS

FLUX – Internal Ticketing System
Django, DRF, Next.js, PostgreSQL, Docker

- Built full-stack ticketing system with role-based access
- Developed REST APIs and real-time updates (WebSockets)
- Implemented JWT authentication and Dockerized deployment

RentWise – Rental Management System
Django, DRF, Next.js, PostgreSQL, Docker

- Built property and tenant management platform
- Implemented rent tracking and payment workflows
- Designed scalable APIs and relational database models

e-Occurrence – Digital Police OB System
Django, PostgreSQL, Tailwind CSS

- Developed digital OB and case tracking system
- Implemented role-based access and audit logging
- Improved case transparency and accessibility

WORK EXPERIENCE

IT Intern (Industrial Attachment)
Superior Hotels Kenya – Naivasha Units

- Provided IT support and resolved technical issues
- Configured and troubleshot networks (switches, APs, CCTV, IP phones)
- Assisted in cabling (Cat 6) and infrastructure maintenance

EDUCATION

Bachelor of Business Information Technology (BBIT) - Kabarak University

2022 – 2026 (Awaiting Graduation)

ADDITIONAL

- Strong debugging and problem-solving skills
- Comfortable in Linux environments and API testing
- Able to work independently and in teams
